Rules

1. Riders must complete the full course under their own power.

Riders may ride any type of human-powered bike. Except fully covered recumbent bicycles and any kind of E-bikes.

It is fine to go off course to resupply or for emergency reasons (mechanical or medical).

Riders must return to the exact point of departure from the route to recommence their ride and any meter of the race route.

2. Riders must be fully self-supported.

Accept no help that others couldn't also receive along the way.

Using any form of social media to broadcast requests for help is forbidden.

Riders are responsible for finding food, water, accommodation, laundry, bike store services and anything else they may need along the way. Any service utilized must be available to all riders.

Friends and family are welcome to visit riders during the event to offer encouragement or take pictures, but they must not offer any material support or food of any kind.

Booking accommodation before the event is not allowed.

You are allowed to book accommodation after the event started.

Pair category:

Riders in the pair act as a unit and may share food, equipment, information and resources between themselves and help each other but no support is to come from outside the pair and resources cannot be shared outside the pair. To all intents and purposes the pair shall act as a solo rider and interact with others outside of the pair as such.

3. No Drafting at any time.

(Pair riders are allowed to draft each other)

Inevitably a rider may travel at the same pace as another rider. When riding together riders should ride side-by-side.

Riding in a group, even when not drafting, is significantly easier than riding solo. Riders will be asked to declare the extent of group riding after the event and this data may accompany the final individual result.

4. Riders must wear a helmet!

5. Riders must follow the US traffic law at any time.

The rider has to inform himself and make research about the cycling law in the US for the time the event takes place.

The participant is aware that all liability rests on himself and that ABR can never be held liable for any damage whatsoever.

6. All bikes have to pass a check up before the start.

Two white front lights and three red tail lights must be available for use.

(One white front light and two red tail lights must be permanently used during night time)

A rear red reflector must be permanently fixed to the bicycle.

Note that the rear reflector may be part of a rear light.

You have to wear a reflective vest during the night and low light situations like rain or fog.

A reflective ankle strap on each ankle must be worn at night time.

Reflective tape must be applied to crank arms, seat stays, fork and helmet on both sides.

Further Recommendations:

It is strongly recommended that riders wear a reflective vest during the night.

It is strongly recommended that riders wear bright coloured jerseys during the day.

It is strongly recommended that riders add reflective tape or stickers to their bikes and attach reflective straps to their bags to assist with visibility from behind.

7. Riders are required to use a provided GPS

Tracking is simply showing rider locations on a map. It is nothing more than a web-based framework to present rider progress based on correct use of a tracking device. Unless a rider organizes it, no one will be tracking rider locations - riders alone are responsible for their own safety on course and for the logistics of their own ride.

The race will be tracked through an online tracking service, using rider supplied GPS

tracking devices . Final positions will be based on GPS tracking data

and racers will not be included in final results if a tracker is not used. Riders are

responsible for ensuring the correct use of their tracking devices. Riders with devices

that are switched off or not active for long periods may be excluded from the final results.

8. Individual times

A fair event is only possible with fair riders. We cannot enforce the rules without your entire support. The rules apply to all riders. Time penalties may be imposed and individual times may change due to rule violations. Penalties for violations will be decided after a rider has completed the course, or quit the event. Riders should self-police the rules. It is honourable to declare any rule violations and suggest a fair time penalty.

Liability / Applicable law

Adventure Bike Racing of any other party involved at the event will never be liable towards the participants, their heirs and other people, for what material damage and/or personal injury of whatever nature and size whatsoever, that the participant and other parties can experience.

The participant takes part at his own risk and is responsible for any damage he might suffer. Adventure Bike Racing advises the participant to make sure they have a legal liability insurance.

In case there will be a liability for Adventure Bike Racing, the liability is only for the direct damage and is maximised to the amount that the insurance company will pay.

Dutch Law is applicable to the event and to the agreement.

Insurance

Adventure Bike Racing does not provide any kind of insurance. You have to make sure you are well covered (valid traveling insurance) and have a complimentary rescue insurance. You will be asked to give us a copy of your valid insurance on registration day.

Adventure bike Racing can not be held responsible and is not reliable for a adverse event that may occur to you.

Event Cancellation

The Five Parks Bike Ride will be cancelled by Adventure Bike Racing and their officials if instructed to do so by local authorities. The event will also be cancelled in case of force majeure or in any other case when Adventure Bike Racing believes that it is irresponsible to let it go forward. This decision is entirely up to Adventure Bike Racing and is final.

If the Five Parks Bike Race is cancelled, no results will be published. In a formal sense, each participant is their own ride organizer.

Participant agreement

I vow to act as an ambassador for the event and the route. I understand the self-supported ethos is mostly based on a code of mutual respect and self-enforcement. I have read the rules, both on the website and in the event manual. Furthermore, I have read the entire event manual and understand what it implies.

I understand I must pay the registration fee to join the event.

I understand that the way to contact the organization is to email info@adventurebikeracing.com. Social media is not the way to contact the organization of the event about any issues.

I agree to unlimited usage of my images or videos from the event for event media.

I understand the administration fee guarantees just the route in GPX form.

I understand that ABR is never liable for anything, since they online provide a route and a gpx device. In the unlikely case that ABR will be held liable, the liability is maximized to the amount to which the insurance policy gives coverage.

I agree to abide by the safety requirements listed in the event manual.

I agree to show up for the safety and equipment check on September 25th, 2020.

I agree to sign a hard copy of the agreements in person at the safety and equipment check.

I understand that if I do not show up for the safety and equipment check that I will not be eligible to the event.

I will seek the event organization's expressed authorization before attempting to use the logo in any goods for sale (in any fashion including), but not limited exclusively to fundraising.

I will remain solely liable for payment of all and any taxes, surcharges, levies, imposts, fines, penalties or similar charges incurred by myself in the connection with the participation of myself in the event

I will not make or permit to be made any public announcement(s) in relation to this agreement without prior consent of Adventure Bike Racing nor (save as required by law) disclose to any third-party information concerning the terms or subject matter of this agreement from the date here of.

I understand that I have been warned repeatedly to buy third-party travel insurance to ensure coverage for evacuation services or repatriation of remains.

I understand something catastrophic may cause the event to be unable to function and that I will be guaranteed nothing in case of an event of force majeure, natural disaster, political situation, etc.

I understand that Adventure Bike Racing retains all rights over intellectual property, this includes, but is not limited to name, logos, photos and films.

I understand that it's just a bike riding event and if I make problems for myself, that's on me.

I agree to all decisions by Adventure Bike Racing in the management and execution of the event.

I understand that I can be ejected from the event if I am found to be in breach of the terms outlined in the event manual and the agreements. Decisions made by the event organization will be final.

I understand that German law is applicable to the event and that German law regulates the agreement between me and Adventure Bike Racing.

I understand that if I decide to scratch from the event, I must report this as soon as possible by emailing info@adventurebikeracing.com.
